

JOSEPH DON JINS

software developer

josephdon789@gmail.com | [9048129277](tel:9048129277) | [kerala,India](#)

SUMMARY

Motivated and detail-oriented MCA student with strong skills in Full Stack Web Development, specializing in React.js, Node.js, Express.js, MongoDB, Python, and Django. Experienced in building real-world web applications including e-commerce and concert booking platforms with features such as authentication, payment integration, REST APIs, and database management. Passionate about software development, problem-solving, and continuous learning, with a strong foundation in Data Structures, OOP, DBMS, and modern web technologies. Seeking an opportunity to contribute technical skills and grow as a Software Developer in a dynamic organization.

EDUCATION

Master's in Computer Application(MCA)

JULY2025-MARCH2027

Nirmala college(Autonomus)
pursing
sgpa:7.8(till)

BACHELOR'S in Computer Application

JULY2021-MARCH2024

Mahatma Ghandhi University
Cgpa:6.0

Higher Secondary

JULY2019-MARCH2021

St.joseph Hss vayattuparamba
70%

PROJECTS

• Zyrokart – E-Commerce Platform

Developed a full-stack e-commerce web application with secure user authentication and authorization. The platform enables users to browse, search, and filter products, manage shopping carts, and place orders efficiently. Integrated online payment gateway and Cash on Delivery (COD) options to support multiple payment methods. Designed and implemented an admin dashboard for managing products, users, and orders. Created responsive and user-friendly interfaces to ensure a seamless experience across desktop and mobile devices.

Technologies: React.js, Node.js, Express.js, MongoDB, JavaScript

- **Concert Booking Platform**

Developed a full-stack concert ticket booking platform with dedicated user and admin modules to streamline ticket management and event operations. The application allows users to browse concerts, book tickets, select ticket quantities, download booking confirmations, and receive tickets via email. Implemented booking history management for users and comprehensive concert and booking monitoring features for administrators. Applied secure authentication and role-based access control to ensure data security and efficient system management.

Technologies: React.js, Node.js, Express.js, MongoDB, JavaScript

SKILLS

Programming Languages: JavaScript, Python, Java, SQL

Frontend Technologies: HTML5, CSS3, React.js, Bootstrap, Tailwind CSS

Backend Technologies: Node.js, Express.js, Django, REST APIs

Databases: MongoDB, MySQL

Tools & Technologies: Git, GitHub, VS Code, Postman, Linux, Vercel, Render

Concepts: Data Structures & Algorithms, Object-Oriented Programming (OOP), DBMS, Operating Systems, Computer Networks, Software Engineering, Authentication & Authorization

Soft Skills:

- Problem Solving
- Communication
- Quick Learner
- Team Collaboration
- Time Management
- Adaptability

CERTIFICATION

NPTEL – Programming in Java

Successfully completed the NPTEL Programming in Java certification with a score of 76%, demonstrating proficiency in Java programming, object-oriented concepts, exception handling, collections, and core software development principles.

MashupStack – MERN Stack Development

Successfully completed a MERN Stack Development certification, gaining hands-on experience in building full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Developed practical skills in frontend development, backend development, REST API integration, database management, and deployment.
